

About

The internationalization process of Universitas Airlangga is one manifestation of the vision of World Class University which is oriented not only to efforts to meet existing international standards, but also aims to gain international recognition for the existence of UNAIR itself. Moreover, UNAIR in this case requires special instruments that include real contributions to gain international recognition, one of which is to actively participate in various activities especially in the level of ASEAN. UNAIR's involvement in ASEAN activities is a concrete form of efforts to introduce student qualifications owned by UNAIR, which in turn play a role in supporting the internationalization process. With more and more parties who know UNAIR, it will encourage more opportunities to gain international recognition.

Therefore, Airlangga Global Engagement initiate International forum related to the management and leadership development. This kind of forum is created in order to pursue Airlangga students to not only learn about how to be an excellent leader and manager, they also possible to exchange their knowledge about leadership and managerial skill with students from other universities in ASEAN.

Theme Overview

The theme for Airlangga Mobility 2019 is,

“Management and Leadership Development Forum”

Airlangga Mobility 2019 aims to be a springboard for ideas to come to fruition. While generating tangible ideas during the course of the program, participants are encouraged to develop the managerial and leadership skills. The program hence connects young change-makers from both universities that have the capacity to materialize the change. This program thus drives the leaders of tomorrow beyond passive receivers of change into dynamic individuals capable of assessing, adapting to and enacting leadership dynamics in Asia. In addition, participants are also encouraged to participate in cross cultural environment.
